**Subject:** EPA comments on Reference Area and 2016 Drilling Work Plans

Dear Mr. Brown,

The US Environmental Protection Agency (EPA) has reviewed Atlantic Richfield's March 3, 2016 Response to U.S. EPA, LRWQCB, and Washoe Tribe Comments on the Draft Final Reference Area FRI Work Plan and Technical Memorandum – Preliminary Investigations in Reference Study Areas Leviathan Mine Site, Alpine County, California . This work was submitted to EPA pursuant to Administrative Order for Remedial Investigation and Feasibility Study, Leviathan Mine, Alpine County, California (CERCLA Docket No. 2008-18, June 23, 2008).

Please provide a technical data summary report (TDSR) for the reference area data within 120 days of the end of 2016 field season, or March 30, 2016. EPA understands the Reference wells may not be included, but anticipates preliminary discussions as part of the groundwater discussions currently underway.

EPA has completed its review of these documents. EPA finds nearly all of ARC responses are adequate. EPA conditionally approves this document, pending two outstanding comments. Within 30 days, or by December 19, 2016, EPA directs ARC to

provide a line by line response to these comments and the final fully revised Reference Area Work Plan incorporating these comments.

Attached please also find Lahontan Regional Water Quality Control Board comments dated May 24, 2016 for your full consideration.

If you have any questions, please feel free to contact me at (415) 947-4183 or [Deschambault.lynda@epa.gov](mailto:Deschambault.lynda@epa.gov).

Best Regards,

Lynda Deschambault

Environmental Scientist

USEPA Region 09

**Subject:** Leviathan Mine - Response to Comments - Reference Area FRI Work Plan,  
Preliminary Version of the Final Reference Area FRI Work Plan and 2016 Drilling Work Plan

Lynda,

On behalf of Atlantic Richfield, Amec Foster Wheeler is submitting the following documents:

1. Response to U.S. EPA and LRWQCB comments on Atlantic Richfield Responses to Comments on the Draft Final Reference Area Work Plan (Attached and loaded to the Leviathan Mine SharePoint Site);
2. Preliminary version of the Final Reference Area Focused Remedial Investigation Work Plan (Leviathan Mine SharePoint Site); and
3. 2016 Drilling Work Plan (Attached and loaded to the Leviathan Mine SharePoint Site).

Hardcopy of each document to follow.

Due to file size the preliminary version of the Final Reference Area Focused Remedial Investigation Work Plan has been loaded to the Leviathan Mine SharePoint Site. This document is available for immediate download via the following hyperlinks:

This document is located in a folder stored on this [site](#). Click here to directly access the [folder](#) where these folders/documents are stored. Click on the links below to access each folder/document individually:
